

How to Start Hospice Care

If you or a loved one is eligible for hospice care, our team will schedule a visit to explain services, answer questions, and discuss your goals and preferences. This is a no-obligation meeting designed to help you understand your options. We will work with your medical team to develop a care plan that focuses on comfort, dignity, and personalized support.

We understand that deciding to enter hospice care is a significant decision, and we are here to guide and support you through the process.

When to Refer to Hospice?

Anyone can refer a patient to hospice, even patients themselves. Eligibility for hospice services must be certified by the patient's attending physician or the hospice medical director. If you have any questions about hospice or how to begin hospice care, call us. We'll be happy to help.

Medicare Pays 100%

Medicare pays 100% of allowable charges related to the hospice diagnosis, including charges for medications, durable medical equipment, medical supplies, and respite care. Hospice care is also covered by many insurances.

What is Hospice?

We offer compassionate care for individuals with life-limiting illnesses, focusing on comfort, dignity, and emotional support for both patients and their families. While our primary goal is to care for you at home, we also offer inpatient care for respite when needed.

Our Comprehensive Care Includes:

- **Personalized Care Plans:**

We work with you, your family, and your doctors to create a care plan tailored to your specific needs.

- **Pain & Symptom Management:**

Expert care to manage discomfort and improve quality of life.

- **Family Support Services:**

Assistance with healthcare decisions, legal resources, advanced care planning, and grief counseling.

- **Emotional & Psychological Support:**

Helping patients and families cope with the emotional challenges of a serious illness.

- **Spiritual Care:**

Chaplain services for spiritual support, regardless of religious background.

- **24/7 Access to Care:**

Continuous support from our dedicated medical team, available anytime.

- **Respite Care:**

Inpatient care for family caregivers to rest and recharge, while ensuring care for their loved one.

Who is Eligible?

Hospice is often thought of as only for those with cancer or the elderly. Actually, hospice is for anyone of any age with an advanced illness, where the prognosis is six months or less, should the disease follow its natural course. Some common diagnoses include:

- ALS • Alzheimer's • End-Stage Dementia
- End-Stage Liver Disease
- End-Stage Renal Disease
- Multiple Sclerosis
- Parkinson's Disease
- Congestive Heart Failure
- Pulmonary Disease (COPD)
- Stroke
- Cancers

Medicare Pays 100%
