## Do You Need Home Health Care?

You can benefit from MedWay's services if:

- You are seeking to shorten a hospital or nursing home stay.
- You are returning home after an illness or injury and have not reached your former health or ability.
- You can use additional, one-on-one teaching about medications, diet, or health regimens.
- Your condition presents a likelihood of worsening, and nursing observation could help.
- Your leg weakness or gait presents a likelihood of a fall injury.

## How MedWay Can Help You

Many of the services you receive in a hospital or nursing home are also available to you in your own home. MedWay sends nurses, therapists, aides, and medical social workers to your home so you can recuperate in a more comfortable, less costly environment.

Since 2003

## OUR SERVICE AREA

Licensed and Certified By:  
 Texas Department of Aging and Disability Services

*Your Way to Better Health*

[www.Medway.net](http://www.Medway.net)

## Our Team

Our team of caring professionals is over 200 people strong. Our management staff has over 105 total years of experience in the healthcare industry. You can depend on our experienced staff to provide you with the best care.

- Skilled Nurses
- Home Health Aides
- Speech Therapists
- Physical Therapists
- Occupational Therapists
- Medical Social Workers

### HomMed Telemonitoring Unit

For people who would benefit from more intensive monitoring, a telemonitoring unit placed in your home collects and transmits data such as weight, temperature, pulse, blood pressure, and glucose levels. Our nurses have constant access to this information, monitoring and evaluating the data for any changes to your condition, 7 days a week. Problems can be prevented before they start, helping you avoid unnecessary ER visits and hospitalizations.

## We Can Help with:

- Orthopedic Rehabilitation
- Wound Care Management
- Cardiac/Pulmonary Care
- Medication Management
- Pain Management
- Peripheral Neuropathy
- Ostomy Care
- Catheter Care
- Blood Pressure Monitoring
- Diabetic Teaching and Care
- and many other home-based services

### Personal Emergency Response System

→ Life Alert ←

Our PERS Life Alert Systems use radio transmitters that people can wear discreetly while at home. With a touch of the button on the transmitter, the device activates your phone line and calls the 24/7 telephone emergency response center. MedWay provides the PERS Life Alert service for an additional fee. Call or visit our website for more information. You can feel secure knowing that help is available at the touch of a button.

## A Single Source for All Your Home Healthcare Needs

In addition to our home health services, we offer IV infusion and medical equipment. You do not have to go to three different companies to get the care you need.

## Medicare Pays 100%

### We accept:

- Medicare
- Medicaid
- Commercial Insurance
- Private Pay

MedWay offers these services to all qualified patients without discrimination on the basis of sex, race, color, creed, ancestry, sexual orientation, marital status, age, religion, handicapped condition or national origin.

If you or someone you know could benefit from home health services, call MedWay at any of our 5 locations.

See the back of this brochure for contact information.
