RoyalCare is Physical Therapist Owned

While nursing and aides serve as an integral part of our plans of care, everything we do is enhanced by our expertise in physical therapy.

RoyalCare's expertise in physical therapy is evident. We design innovative custom protocols in physical rehabilitation to help our patients achieve optimal results. Our unique pain-inhibiting home rehabilitation program based on Proprioceptive Neuromuscular Facilitation (PNF) and manual therapy following hip and knee replacement surgeries improves results in orthopedic rehabilitation.

In data last collected April 29, 2010, Medicare Compare, a tool used to provide detailed information on home health agencies, shows that RoyalCare patients are 41% more likely to improve with pain related to movement.

How RoyalCare Can Help You

Home health care from RoyalCare can have life-altering benefits. We send therapists, nurses, and other skilled professionals to your home to design and implement treatment and education plans that will protect your health long-term. Consider RoyalCare if:

-  You've suffered a recent fall or are otherwise at risk of fall injuries.
-  You have not yet regained maximum ability after a stroke or other challenge.
-  You're recovering from hip replacement or knee replacement, or other orthopedic surgery.
-  You have received a cardiopulmonary diagnosis and would benefit from therapy to help you increase endurance and fitness.
-  You're dealing with a chronic condition such as arthritis and need help to restore mobility and reduce pain.

You can trust RoyalCare.

**If you or someone you know needs
home health services, call us:

Our Disciplines

-  Physical Therapy
-  Occupational Therapy
-  Speech Therapy
-  Skilled Nursing
-  Medical Social Work
-  Registered Dietician Services
-  Home Health Aide Services

Our Services

-  Post-Surgical Rehabilitation
-  Orthopedic Rehabilitation
-  Stroke Rehabilitation
-  Gait Training
-  Fall Injury Prevention
-  Cardiopulmonary Rehab
-  Home Disability Training
-  Geriatric Strengthening
-  Post-Surgical Wound Care
and other home health services

Eligibility

To qualify for our services, patients must be homebound. This means that leaving the home requires taxing effort and so is only done infrequently. Patients must be under the care of a physician, require skilled nursing and/or therapy care on intermittent basis, and meet their specific insurance requirements (please ask our intake staff for further information).

**Medicare Pays 100%
for Eligible Patients**
